it's not gross. it's cute.
she's really cute.
Princess Coconut means well.
She's like bi-leaning-straight,
but she's a cute dumb trans
princess and it's not her fault.

ANDROGEL
SPLORT.
SPLAP.
Trying to be a boy again?

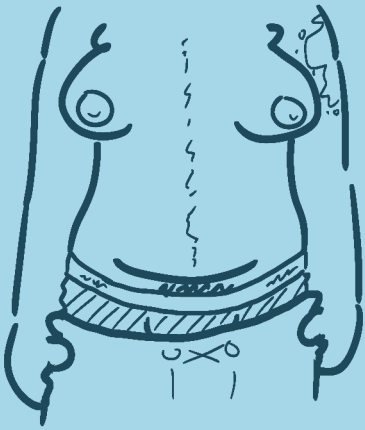
Bit late for that, isn't it?
I mean, just look at these!
Almost as big as Mom's already!

And all this in how long? Three years?

c- closer to four.

Damn! Feels like just last week that you were my gloomy, shut-in son.

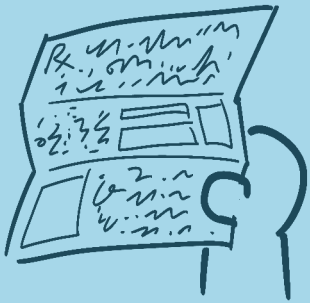
i...
wouldn't mind being him again.
with you.
Good boy! I understand just how much that means from you.
ANDROGEL
Now, let's see if this'll make you any less of a limp-dicked faggot.



And get those sweatpants off.

I can barely see your dick through them now anyway.

Hm.
"One pump (~1.25g) on the upper arm, as directed (every other day)."

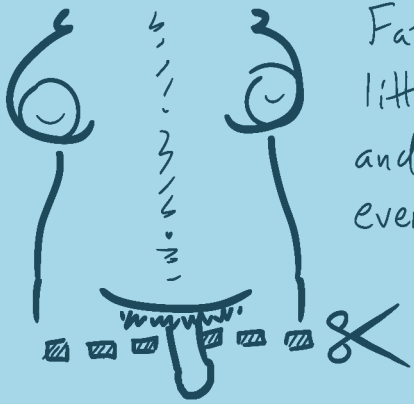


That's pussy shit.

SPLORT
SPLORT

GAAAAAH!
that's alcohol-based, jackass!
MMMMMM-

And when you're this ruined already, what's a few minutes of stinging?



Fat tits, litter-bearing hips, and now you're even neutered!

Hey, still got those clothes from your, uh, "femboydoggirl" phase?

"doggirlfemboy", dad. get it <u>right</u> for once.

ONE FASHION MONTAGE LATER

Hoozhagoodboy?
Hooozhagoodboyyy?

You were so brave for me at the vet!

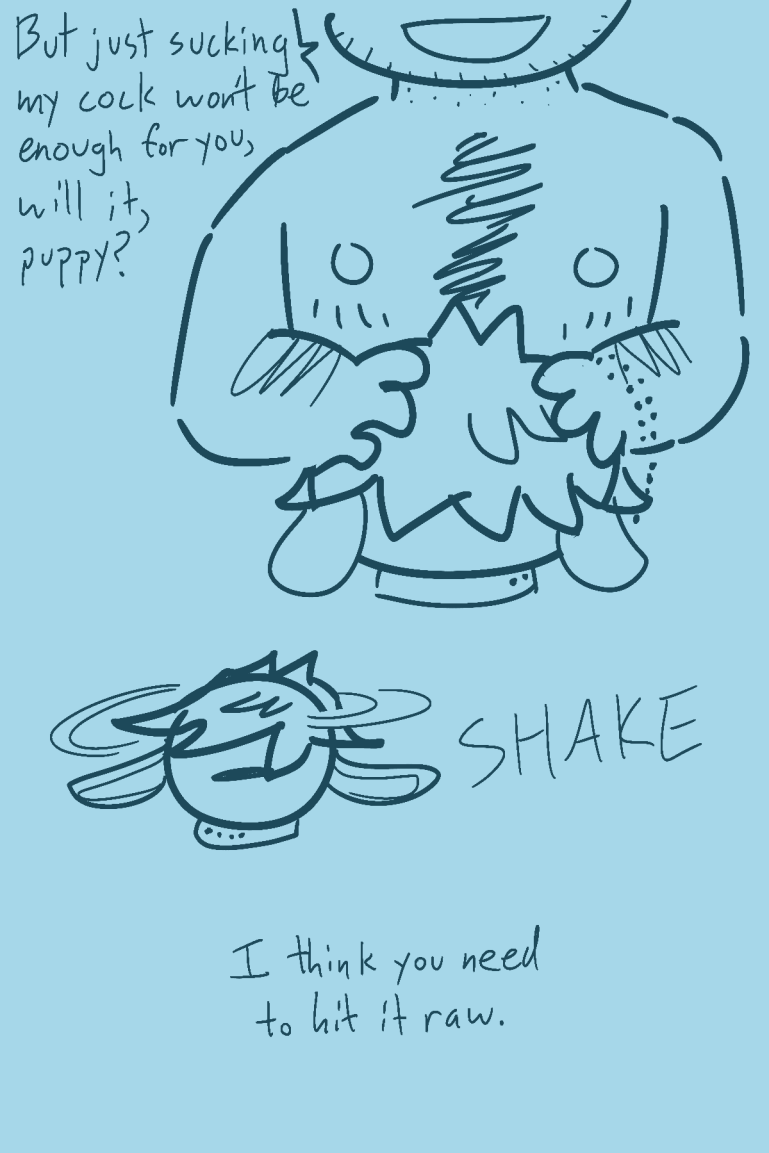
But it was such a little snip, I don't see what all the fuss was about~

Aww, puppy wants something?~
WO OF
Does he want a real cock?~

Not yet, boy.

Beg.

WHIIINE



But just sucking my cock won't be enough for you, will it, puppy?
SHAKE
I think you need to hit it raw.

Oh, that got your tail wagging~

Tell you what. If you knock me up, you name the pups.

Leaking already?
Don't waste a drop, boy.
That's it, puppy, fill up the cunt that made you...

Gonna nurse my pups with those?

Fffuck, I feel you throbbing, let it all out...

Be a good boy
and blow your load in me,
okay, pup?~

SPLORT!
hfffffffhhh
WO
OF!
Don't you - don't you
dare pull out.

FLOMP.
Keepy.

this was great, but... I'd like to be a girl again.

I love you, sweetie.

Whether you're my faggot son or my whore daughter.

She said,
"What's with this dog motif?

I said,
"Do you have something against dogs?"
